

Thank you for helping build the BASIS Independent Silicon Valley community. As a token of our appreciation, your family will receive a tuition credit for each new family referred to and enrolled at BASIS Independent Silicon Valley. The new family will also receive a tuition credit. If both families apply and enroll during the Early Admissions cycle (or referring family is currently enrolled), the referring family will receive a \$750 tuition credit and the new family will receive a \$250 tuition credit. After the Early Admissions deadline, the referring family will receive a \$500 tuition credit and the new family will receive a \$250 tuition credit. This opportunity applies to referrals for the 2022-23 school year.

In order to be eligible as a referring family, you must be currently enrolled at any BASIS Independent campus (or apply before the new family) and the new family must name your family on their child's application for admission.

BASIS Independent Silicon Valley families are also invited to participate in the referral programs for other BASIS Independent schools. For more information on each school's referral program, please visit the applicable school's website for the terms of the school's referral program.
